About the Project

The Gilbert Road Extension will extend light rail on Main Street from Mesa Drive to Gilbert Road in Mesa. At Gilbert Road, there are significant transit connections and the ability to serve the growing transit demand in the East Valley. This extension will attract new riders and increase development opportunities in central Mesa.

PROJECT STATUS

- Approximately 15 miles of utility lines (communications, water, electrical and waste water) have been installed.
- More than 35 businesses are participating in the Shop On Rewards program, which offers shoppers exclusive savings at businesses along the extension.
- Valley Metro will host a community celebration in October 2017 to promote local businesses and the Shop On Rewards card.

TRANSIT CENTER

NEXT STEPS

Underground utility work will be completed in late 2017. Construction will then begin on the roadway to make way for track installation. The extension is scheduled to open in late spring 2019.
